

2009 PHILIP'S ROAD ATLAS BRITAIN PUBLISHED

A brand new large-format atlas featuring fully updated maps from the Philip's digital database has been published. This has been voted Britain's clearest and most detailed in an independent consumer survey, and includes speed-camera locations and the associated speed limits.

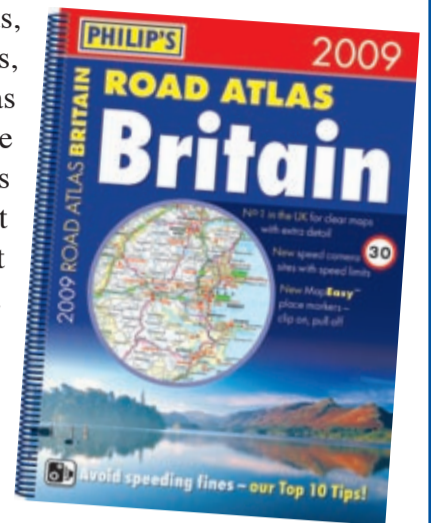

- Fixed speed cameras shown on maps with speed limits
- Full listings of all mobile speed-camera sites
- 96 pages of fully updated road maps at 3 miles to 1 inch
- 63 town and city plans.
- 22 pages of city approach maps with named arterial roads
- M25 and M60 maps, airport plans and port plans
- Maps of northern France, with all ferry ports

Philip's Road Atlas Britain 2009 provides superbly detailed mapping of the whole of Britain. 96 pages of road maps cover Britain at 3 miles to 1 inch (Scottish Highlands and Western Isles at 4 miles to 1 inch, Orkney and Shetland at 5.25 miles to 1 inch). The maps clearly mark service areas, roundabouts and multi-level junctions, and in rural areas distinguish between roads over and under 4 metres wide – a boon for drivers of wide vehicles. Across the Channel, a full-page map shows Calais and Boulogne, and a double-page map shows the full extent of the northern French coast including all ferry ports.

The atlas also includes route-planning maps, M25 and M60 maps, full listings of mobile speed-camera sites, distance table, 12 large-scale city

approach maps with named arterial roads, and 63 extra-detailed town and city plans, airport plans and port plans. The atlas includes MAP EASY innovative detachable place markers which can be used by drivers for marking different pages throughout their journey and MAP EASY transparent route overlays, to help you plan your route. A list of useful contacts and emergency service numbers are also listed.

Available now from all good bookshops nationwide and www.philips-maps.co.uk priced at £10.99. An A3 spiral bound edition is also available, priced at £7.99.
