

COMPUTER CAB LAUNCH NEW TAXI INSURANCE PLAN

In a first for London taxi circuits, Computer Cab plc has launched an extensive insurance plan to its drivers. At an open day at Computer Cab's Fleet Service Centre in West London on March 4th the Computer Cab Insurance Plan was launched, available exclusively to drivers on any of the firm's fleets of ComCab, DataCab, LocalTaxis and Call-a-Cab.

Not only are the insurance premiums exceptionally competitive, there is also a range of special added benefits exclusive to the Computer Cab Insurance Plan, including:

- * Competitive premiums, exclusive to Computer Cab plc drivers
- * Customer Assistance cover, which provides drivers with liability cover against incidents involving passengers, occurring away from their cab
- * Unique Licence Protection cover which provides a 24 hour Helpline for issues which threaten the driver's Hackney Carriage licence, and cover for legal representation
- * No Claims Bonus Protection option from year one
- * Cash & Personal Effects cover
- * 24 hour Claims Helpline and support
- * Legal Expenses & Breakdown cover option
- * Income Replacement cover option

Drivers who visited Computer Cab for the launch day were all eligible for entry into a special raffle which saw prizes of in car DAB radios, Xbox 360

games consoles and free subscriptions. The Computer Cab Insurance Plan has already proved popular and with more drivers than ever watching their costs of running a cab the timing has never been better for such a comprehensive scheme.

Malcolm Paice, Head of Operations at Computer Cab plc commented: "This is a real first among the taxi circuits, nobody has ever offered such an exclusive insurance plan to radio drivers before. The real strength

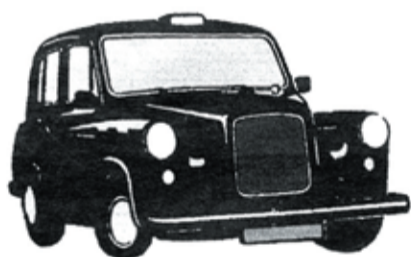

of this scheme is in what you get as a standard part of the package. The Licence Protection cover is also included as standard and this has been designed specifically for Computer Cab drivers to help protect their licence. We are also over the moon that the plan offers the Customer Assistance cover, this is something a lot of taxi drivers want as it provides third party liability cover for incidents away from the cab, perhaps when assisting a customer to their front door. This gives drivers on all our fleets something they would not otherwise easily have access to. The fact that the premiums are highly competitive makes the whole offer irresistible."

Computer Cab plc has, in recent years, gained a worthy reputation for being the taxi circuit which provides the most benefits to its subscribing drivers. A host of extra value services and exclusive deals, alongside a zero increase in subscriptions for three years has made the circuit the most popular in London.

The Computer Cab Insurance Plan quote hotline is now open, and Computer Cab plc drivers can call for a no obligation quote on: 0845 604 2679
