

SIX THOUSAND DELIGHTED DIGITAX CUSTOMERS

Over six thousand Digitax customers successfully had their taximeters upgraded to the new 2009 tariff over the weekend of April 4&5 at the Millwall Football Club. Digitax started the upgrade process at 00:01hrs Saturday morning and worked throughout until 08:00hrs Saturday with a steady stream of night drivers' cabs being processed by the meter technicians who made sure everything went like clockwork. Day drivers were able to get their meters upgraded on the Sunday, when the site was open from 08:00hrs until 15:00hrs. The weather was perfect over the weekend, unlike last year when snow came down and it was bitterly cold. Drivers had the chance to grab a hot drink and a bite to eat from the snack wagon, which was onsite for the duration. Mann & Overton took the opportunity to give drivers a chance to look over a TX4 taxi and take advantage of the latest price and finance offers available, with several sales being made.
