500th VITO TAXI TAKES TO THE ROAD

A significant milestone has been reached for Eco City and KPM with the sale of the Group's 500th Mercedes-Benz Vito taxi. There has been increasing demand for the Vito since it launched in July 2008, making it an increasingly familiar sight in the capital. The Group has sold approximately 100 more Vito taxis since announcing its interim results on 29 September 2009, increasing the cab's share of the London new taxi market to 30% from 25% over the period.

The 500th taxi was purchased by Mark Stansbury, who has been a London owner/driver cabbie for eight years. Peter DaCosta, Chief Executive Officer of Eco City, commented: "The Vito is fast becoming the cab of choice by London taxi drivers and has firmly established itself as the latest iteration of London's iconic black cab. With new air quality regulations proposed in London as well as strong interest from other UK cities and overseas, the Vito's long term prospects continue to look bright."
